9/11: Inside Job?

The 9/11 Commission chair has written “we were setup to fail.” Senator Cleland resigned the 9/11 Commission saying “it’s a scam.” This year, NY area fire commissioners, claiming evidence of pre-planted explosives, demanded a new investigation. Since 2002, military and intelligence professionals, engineers, architects, pilots have doubted the official account.

Does “Loose Change” raise reasonable doubt about the official account of 9/11? What about the trillions spent on the war on terrorism?

April 1967, the CIA wrote a dispatch which coined the term “conspiracy theories” ... and recommended methods for discrediting such theories. The dispatch was marked “psych” – short for “psychological operations” or disinformation – and “CS” for the CIA’s “Clandestine Services” unit.

The dispatch was produced in responses to a FOIA request by the New York Times in 1976.
